

## UNIVERSAL GROUND VAULT ENCLASURE

### OVERVIEW

Plugin Optics Ground Vault Enclosure provides a secure and rugged “pull box” for buried drop applications. The vault is designed with ease of use in mind and features a “Y” shaped knock out that allows for the lid to be closed between the time the drop cables are installed and when they are buried from the vault to the customer premise. The vault also includes a hinged lid that opens to a full 180 degrees or can be removed to be out of the way during install. Made to stand the rigors of grade level environments this purpose built, low-cost, ground vault is the ideal solution for buried drop

#### FEATURES

- Y Knockout For Drop Cables. Allows Lid To Be Closed Until Drop Can Be Buried
- Self-Locking Lid, Hex Head Lock
- Lid Opens To A Full 180deg Or Can Easily Be Removed, From 90 Degrees, As Needed
- “Mouse Hole” Knockouts On 3 Sides For Feeder Cable Ingress

#### APPLICATIONS

- Residential & Customer Drops
- Road Crossings, Pull Throughs
- Midspan Distribution Points
- Buried Drop Applications
